"9. College of William and Mary

a. Subject to the provisions of this act, the General Assembly authorizes the College of William and Mary, with the approval of the Governor, to explore and evaluate alternative financing scenarios to provide additional parking, student or faculty/staff housing, recreational, athletic and /or operational related facilities. The project shall be consistent with the guidelines of the Department of General Services and comply with Treasury Board guidelines issued pursuant to Section 23.1-1106 C.1. (d), Code of Virginia.

b. The General Assembly authorizes the College of William and Mary to enter into written agreements with public or private entities to design, construct, and finance a facility or facilities to provide additional parking, student or faculty/staff housing, recreational, athletic, and/or operational related facilities. The facility or facilities may be on property owned by the Commonwealth. All project proposals and approvals shall be in accordance with the guidelines cited in paragraph 1 of this item. The College of William and Mary is also authorized to enter into a written agreement with the public or private entity to lease all or a portion of the facility.

c. The General Assembly further authorizes the College of William and Mary to enter into written agreements with the public or private entities for the support and operation of such parking, student or faculty/staff housing, recreational, athletic, and /or operational related facilities by including the facilities in the University's facility inventory and managing their operation and maintenance including the assignment of parking authorizations, students, faculty or staff, and operations to the facility in preference to other university facilities, limiting construction of competing projects, and by otherwise supporting the facilities consistent with law, provided that the University shall not be required to take any action that would constitute a breach of the University's obligations under any documents or other instruments constituting or securing bonds or other indebtedness of the University or the Commonwealth of Virginia.

d. The College of William and Mary is further authorized to convey fee simple title in and to one or more parcels of land to the William and Mary Real Estate Foundation (WMREF) which will develop and use the land for the purpose of developing and establishing residential housing for students, faculty, or staff,

recreational, athletic, and/or operational related facilities including office, retail and commercial, student services, or other auxiliary activities.”

Page 490, line 7, strike "9." and insert "10."

Explanation:

(This amendment authorizes the College of William and Mary to evaluate and execute alternative financing agreements with public and private entities including the William & Mary Real Estate Foundation as a means to provide parking, student and/or faculty/staff housing, recreational, athletic, or other operational related facilities.)

Explanation:

(This amendment provides planning funds for a museum gallery building at the Frontier Culture Museum of Virginia (FCM). Climate and weather are the major factor in visitation to outdoor museums. Special programs or events planned for outside often end in disappointment because of rain, or excessive heat or cold. The FCMV has always lacked an inside space where it can provide Virginians with quality educational and interpretative exhibits, programs, and special events when conditions make outdoor experiences uncomfortable and inconvenient.)

Explanation:

(This request seeks authorization for construction of improvements to the information technology network infrastructure system at the Fairfax, Arlington and Science and Technology campuses of George Mason University. The project will accomplish two things: First, it corrects critical existing network infrastructure problems: drainage/sump pumps, ventilation and heating, and cooling the Main Distribution Facility (MDF) locations. It provides redundant network connections to minimize widespread planned outages for campus development at Fairfax. The result of not doing this work will be a reduction in reliability of institutional network infrastructure for both wired and wireless connections. Secondly, the project provides a connection pathway to the Fairfax West Campus. The amendment is silent on the amount of the project as it will be done in a pool.)
