Senate Finance Committee

2010-11 Tuition And Fees At Virginia Public Institutions

Dan Hix

SCHEV Finance Policy Director

June 17, 2010

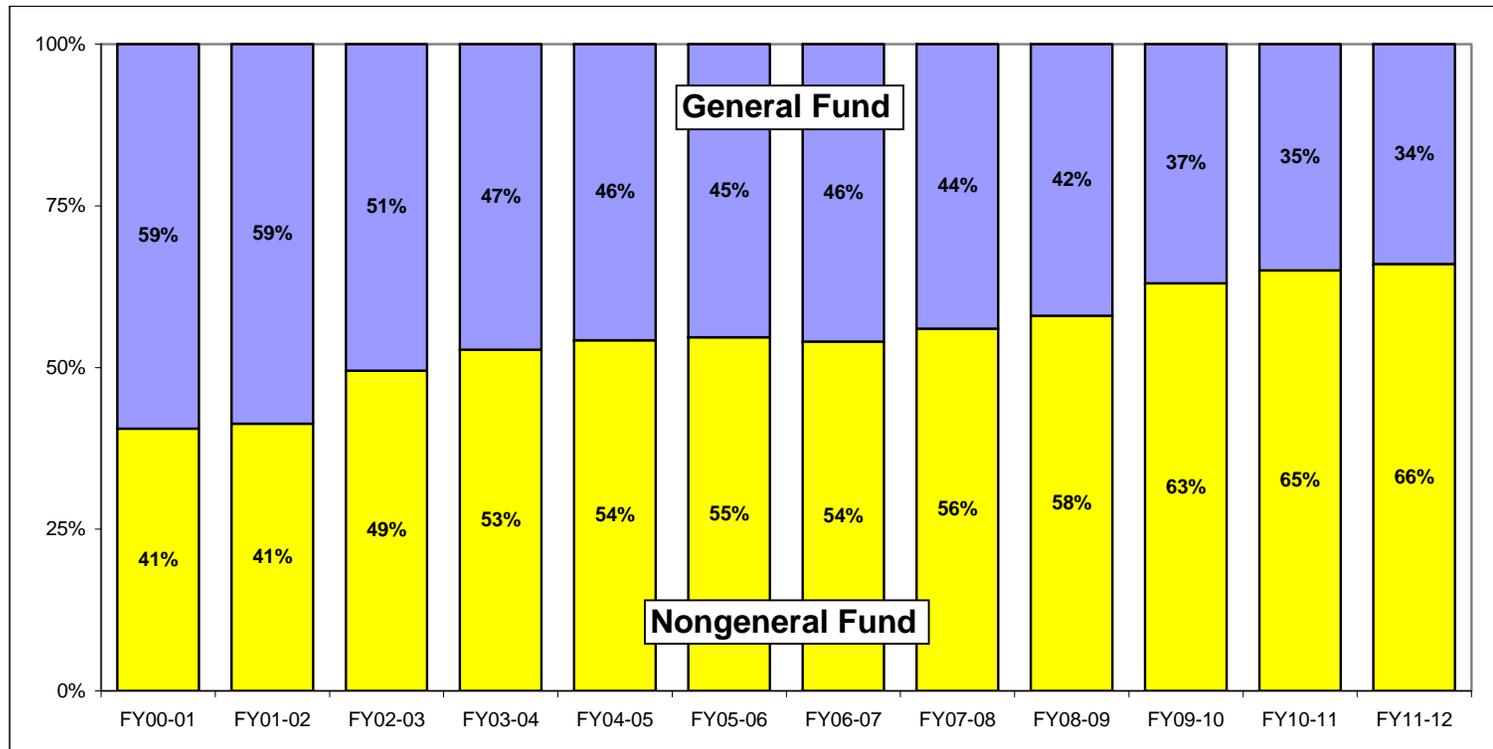

Context for Recent Decisions on Tuition and Fees

- **Recap of January 2010 presentation to Education Sub-Committee on the erosion of higher education funding**
 - **The growing importance of higher education as a requirement for sustainable employment imposes an ever-greater responsibility on the Commonwealth to ensure that Virginia's public higher education system remains not only viable but vibrant.**
 - **Dramatic fluctuations in state funding present a tremendous challenge to the well-being of our public institutions of higher education and the Commonwealth's students and families.**
 - **As costs have increased, so has the financial burden placed on our residents, which is leading to an affordability challenge.**

Systemwide Fund Split of Educational and General Program Appropriations

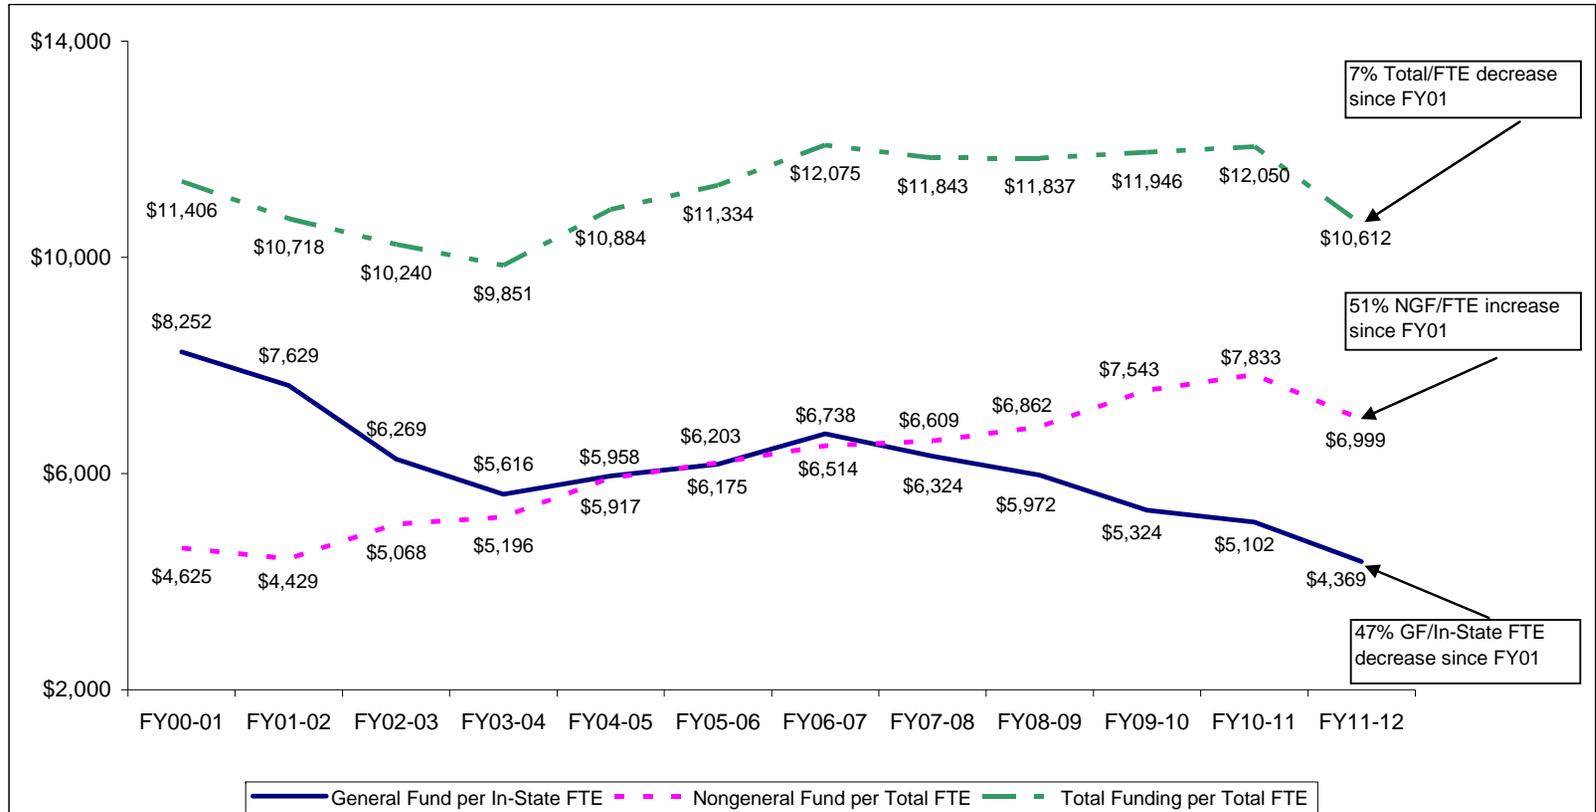

Note: FY10 and FY11 nongeneral fund appropriations include funding from the federal American Recovery and Reinvestment Act of 2009.

Average Funding per FTE Student at System Level

In 2009-10 Constant Dollars

Notes:

- (1) Total Funding per Total FTE is not the sum of General Fund per In-State FTE and Nongeneral Fund per Total FTE.
- (2) FY10-FY12 are based on projected enrollments. All other years are based on actual enrollments.
- (3) FY10 and FY11 nongeneral Fund per Total FTE includes funding from the American Recovery and Reinvestment Act of 2009.

The American Recovery and Reinvestment Act of 2009

- Chapter 874 includes a total of \$190 million from the federal stimulus funds for institutions in 2010-11.
- The intent is to moderate the general fund reductions, mitigate the need for tuition and fee increases, and increase student access to higher education.
- Institutions may spend the funds in either the first year (FY11) or the first quarter of the second year (FY12) of the biennium.
- Institutions are required to provide a plan to the Governor that specifies the portion of the funding used for the education and general programs and student financial aid as well as the year it will be spent, and the anticipated tuition and fee increases in each year of the biennium.

Uses of Additional Tuition Revenue

- **Offset general fund reductions in FY10.**
- **Provide funding for the operation and maintenance of new space coming online.**
- **Provide funding for the institution's share of the potential 3% bonus (a one-time cost) for faculty and staff.**
- **Increase need-based student financial aid to mitigate the impact of tuition increases.**
- **Provide resources to add instructional faculty and staff in response to increased enrollment.**
- **Moderate the potential large tuition increase when federal stimulus money is gone in FY12.**
