## Overview of Proposed Senate Amendments to HB 5002 (2014-16 Biennial Budget)

June 12, 2014

SENATE FINANCE COMMITTEE

# Senate Amendments to HB 5002 – What's Different from SB 5003?

---

- SB 5003 (2014-16 Biennial Budget) was adopted April 7, 2014.
- Senate amendments to HB 5002 (House budget bill) use adopted Senate budget as a starting point.
- Incorporates strategies to deal with a potential cumulative biennial budget shortfall of \$1,550.0 million:
  - Anticipates withdrawals from the Rainy Day Fund totaling **\$707.5 million**.
  - Creates a **reserve fund of \$842.5 million GF** from spending cuts and one-time resources to close the gap.
- Drops language creating Marketplace Virginia; no related spending or savings amendments.

# Lagging Revenue Collections Drive Budget Reduction Actions

---

- Based on May year-to-date collections, revenues for FY 2014 may be about **\$350 million** below the forecast, largely from estimated payments.
  - Payroll withholding may also be a problem -- growing at slightly less than 3 percent, but forecast for FY 15 and FY 16 assumes growth above 4 percent.
- Chapter 1 (Caboose Bill) assumes a FY 2014 year-end balance of \$478.6 million – enough to offset the shortfall.
  - Carry-forward balance will be less than assumed in SB 5003, creating a shortfall in FY 2015.
  - Ripple effect of the shortfall in FY 2014 could be about \$600 million in FY 2015, and \$600 million in FY 2016.
- *For planning purposes and development of the budget, potential budget shortfall to be addressed:*
  - **FY 2015 = \$950 million; FY 2016 = \$600 million.**

# Re-forecasting Process

## *Accessing the Rainy Day Fund*

---

- If total revenue collections fall 1 percent or more below the forecast (as certified by the State Comptroller), the Governor must prepare a re-estimate of general fund revenues by September 1<sup>st</sup>.
  - Governor will likely convene Joint Advisory Board of Economists (JABE) and Governor's Advisory Council on Revenue Estimates (GACRE) in July/August.
- If the difference between the *revised* forecast and the general fund appropriation in the *adopted* budget exceeds 2 percent of prior year collections, then the Rainy Day Fund may be tapped.
  - Withdrawal in any year limited to one-half of the shortfall, or no more than one-half of the fund.
  - For FY 2015, one-half of the fund is about **\$470 million**, leaving about **\$237.5 million** available in FY 2016.

# Addressing the Budget Shortfall

## *Where is the New Spending in the Budget?*

- Total additional spending proposed in the budget as introduced was about \$2.7 billion, most of which was directed toward mandated or other high priority categories:
