**Adopted November 29, 2007**  
**VIRGINIA BOARD OF EDUCATION**  
**EXPRESSING THE SENSE OF THE BOARD OF EDUCATION**  
**ON FUNDING THE STANDARDS OF QUALITY:**  
**FOR CONSIDERATION BY THE GOVERNOR AND**  
**THE 2008 SESSION OF THE GENERAL ASSEMBLY**

WHEREAS, as it routinely does every year in the fall, the Virginia Board of Education wishes to communicate its spending priorities to the Governor and the General Assembly for their consideration as they make budget decisions; and

WHEREAS, the Board acknowledges the serious revenue shortfall facing state government at this time, and also acknowledges that Virginia's budget must be balanced and that the current revenue shortfall means that cuts in previously appropriated funds must be made by the Governor and the General Assembly in order to balance the budget; and

WHEREAS, the Board does not minimize the difficulty of the challenge facing the Governor and the General Assembly in balancing the state's budget; and

WHEREAS, the Board believes nonetheless that public education is of the highest priority in the state budget, and that there are certain core educational programs in the K-12 public education budget that should be of the highest priority for maintaining spending and, to the maximum extent possible, should not be the programs in the state budget chosen for reducing already appropriated amounts; and

WHEREAS, as in previous years, the Board urges the Governor and the General Assembly to consider the following K-12 educational programs to be of the highest priority and urges that everything possible be done to avoid reductions in already appropriated funds in these core programs:

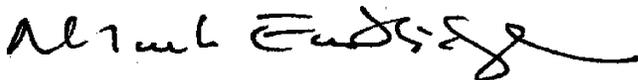

- a. Standards of Quality (SOQ) basic aid accounts, including funding for teacher and principal positions and salaries;
- b. Non-SOQ programs directly related to meeting the student achievement goals of the Standards of Learning and the federal No Child Left Behind legislation.

NOW, THEREFORE, BE IT RESOLVED that the Board of Education urges the Governor and the 2008 General Assembly to renew their consideration of certain provisions that have been recommended by the board in recent years and that are yet to be funded. Such provisions have a total estimated state cost of \$184.4 million for FY 2009 and \$186.3 million in FY 2010. Such important policy changes, with the estimated state cost for the each, are as follows:

- Requiring one full-time position per 1,000 students licensed by the Board of Education to serve as the data manager/test coordinator  
FY 2009: \$42.1 million  
FY 2010: \$42.4 million
- Providing for one full-time principal in every elementary  
FY 2009: \$7.2 million  
FY 2010: \$7.3 million
- Providing for one full-time assistant principal per 400 students in all schools (K-12)  
FY 2009: \$57.8 million  
FY 2010: \$58.3 million
- Reducing the caseload for speech-language  
FY 2009: \$3.7 million  
FY 2010: \$3.9 million
- Providing for one reading specialist per 1,000 students (in K-12)  
FY 2009: \$42.1 million  
FY 2010: \$42.4 million
- Requiring one full-time instructional position for each 1,000 students in grades kindergarten through eight to serve as the mathematics teacher specialist;
