

Virtual Virginia

Senate Finance Subcommittee on Education

Presented by: Lan W. Neugent

Assistant Superintendent for Technology and Career Education

National Leader in Capability to Use Technology

- Education Week: Technology Counts – 2006, 2007
- Web-based Standards of Learning Initiative
- Educational Information Management System
- Instructional Technology Resource Teachers

Infrastructure in Place to Support Virtual Education

Why Develop Virtual Schools?

Give those who don't have access to the courses - Students (53%) and counselors (51%) report the course was not offered at their school.

Provide courses when there are few options - Students (18%) and counselors (29%) report the student enrolled because there was a scheduling conflict.

Alleviate the shortage of highly qualified teachers to teach advanced placement and other hard to staff courses, especially math, science and languages.

Support improved academic success by offering alternatives for students who need one-on-one instruction.

Provide equity of access to educational options throughout Virginia

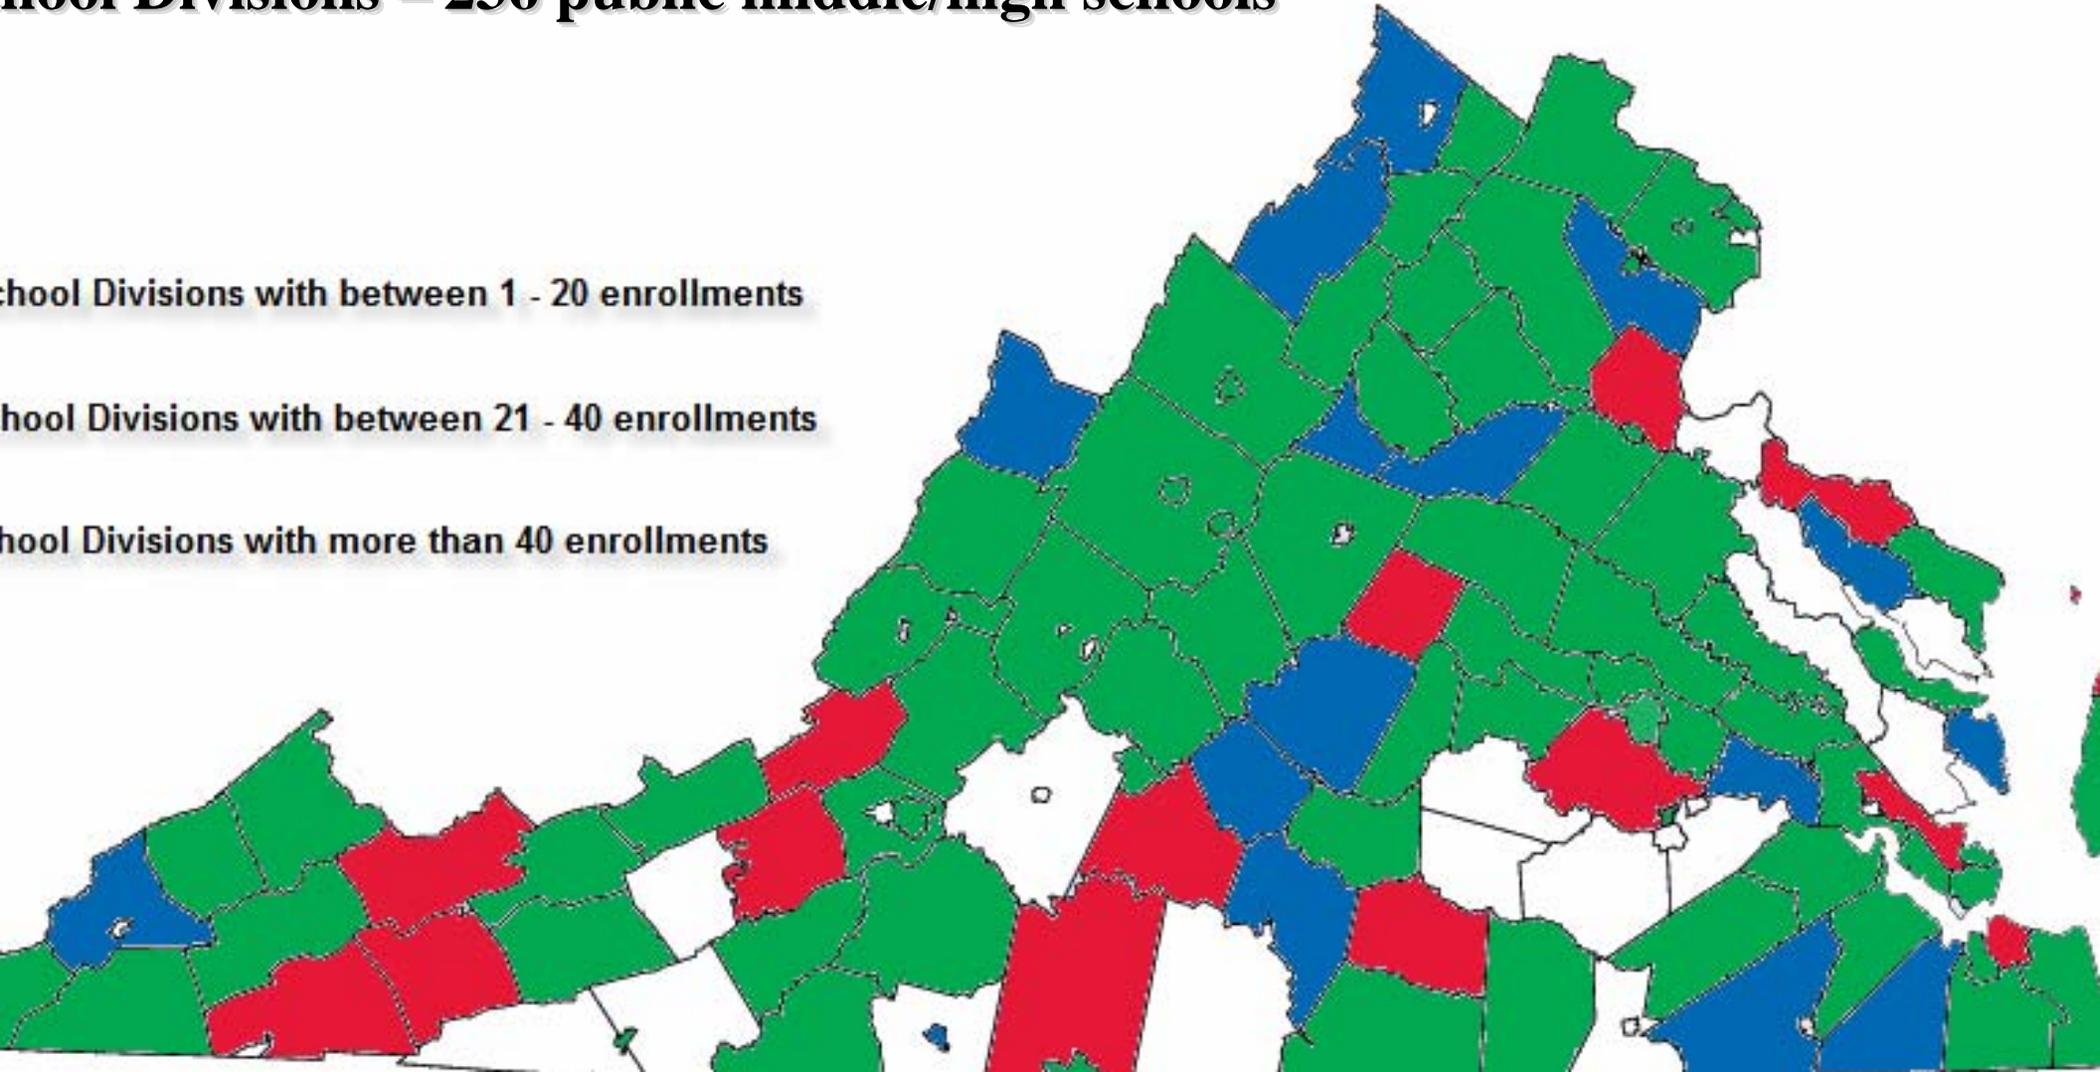

2007 – 2008 Academic School Year Enrollment

School Divisions – 236 public middle/high schools

School Divisions with between 1 - 20 enrollments

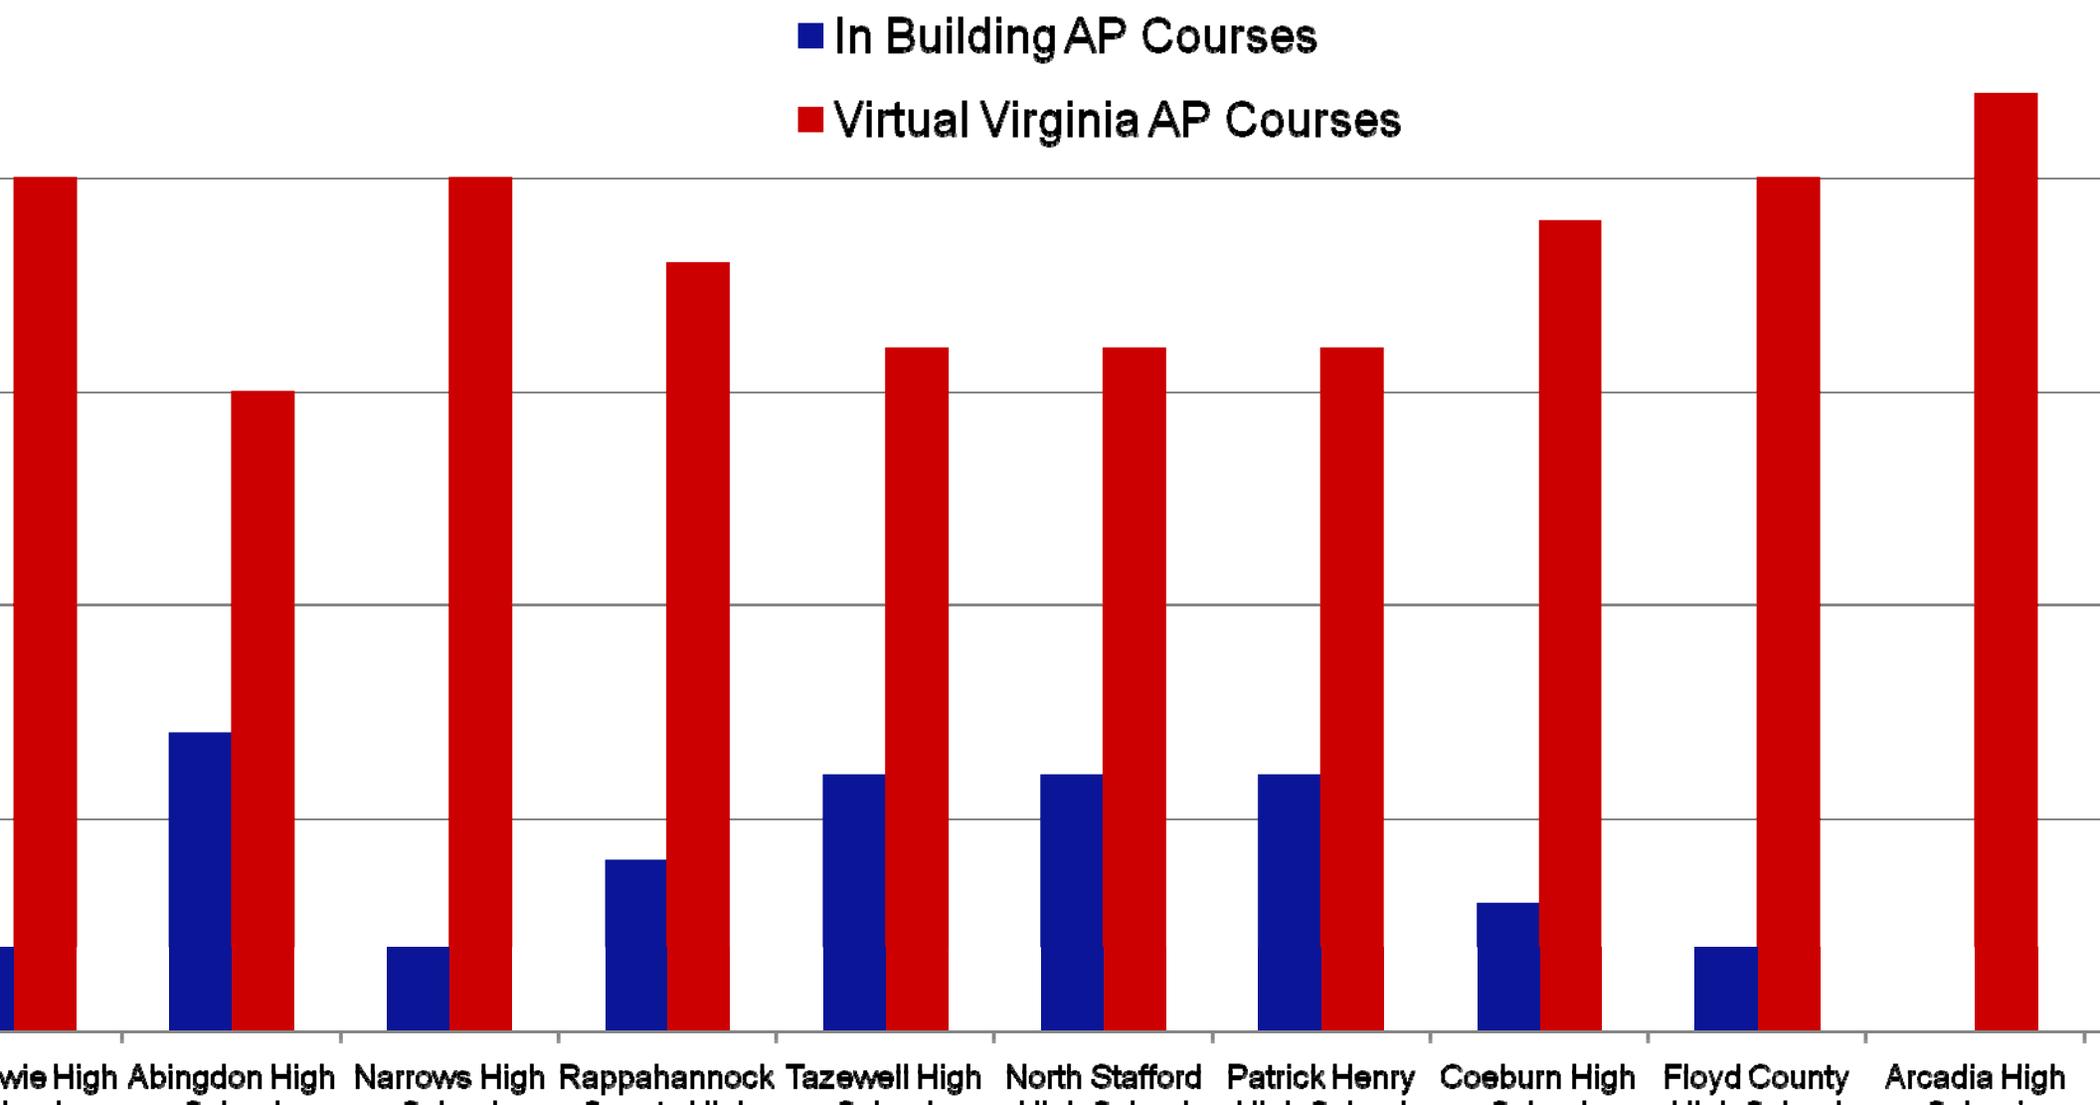

School Divisions with between 21 - 40 enrollments

School Divisions with more than 40 enrollments

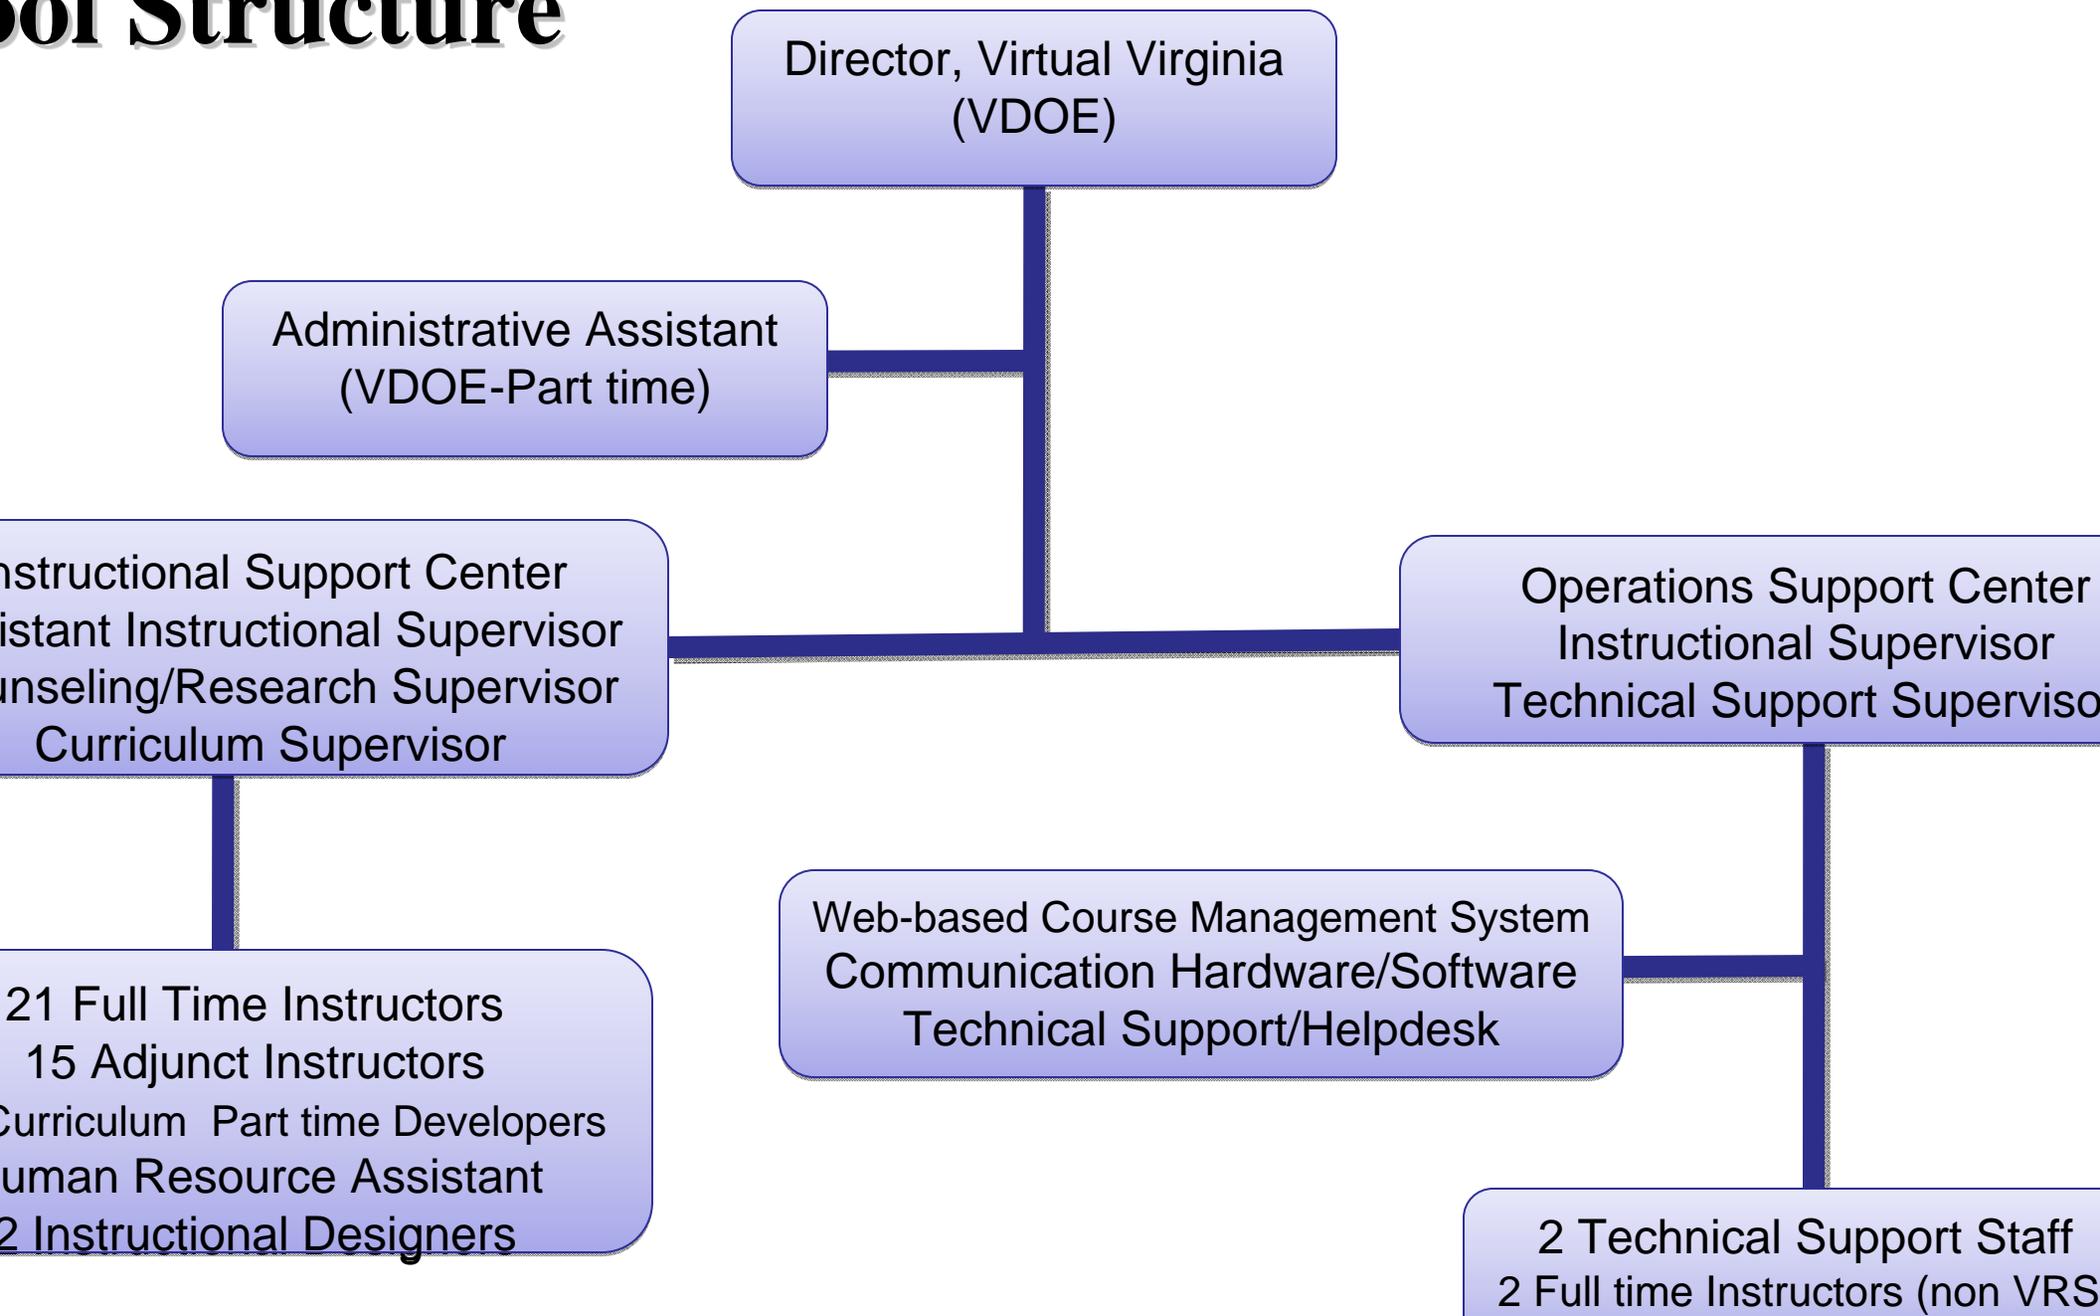

Expanded AP Opportunities

ool Structure

Course Delivery

Course content is designed to meet the varied learning styles of all students. Instructional activities include:

- Text
- Discussion
- Interactivity
- Projects
- Written Assignments
- Collaboration
- Research
- Ancillary Materials
- Multimedia
- Presentations
- Video
- Simulations and Lab
- Question and Answer Sessions

Advanced Placement Course Offerings

(Full Year and 4 X 4 Semester – 1 Credit)

Art History

Biology

Calculus AB

Calculus BC

Chemistry

Computer Science A - *

English Language and Composition

English Literature and Composition

Environmental Science

European History

French Language and Composition

Government and Politics: Comparative

Government and Politics: U.S.

Human Geography

Latin Literature

Physics B

Psychology

Spanish Language

Statistics

U.S. History

World History

Macroeconomics

Microeconomics

Non-AP Course Offerings

(Full Year and 4 X 4 Semester – 1 Credit)

Chemistry (Honors)

Chinese I

Chinese II

Chinese III - *

Creative Writing

Earth Science - *

Latin I

Latin II

Latin III

Latin IV - *

Physics (Honors)

Pre-Calculus and Math Ana

Spanish IV

Survey of World Languages

World Mythology

* *New Offering 2008-2009 School Year*

Quality Coursework

- Course Procurement, Revision, and Creation
- Meet and Exceed State Standards of Learning and National Standards
- Courses Audited/Approved by the College Board
- Content Adheres to SREB Standards for Quality Online Instruction
- Virtual Instructional Time Equivalent to Traditional Classes

Support for Student Achievement

Experienced full time highly qualified teachers actively engaged with students more than 40 hours a week (*Part time instructors – 2 hours per 25 students*)

Tools for communication and real-time instruction

- *Toll-free telephone access to teachers*
- *Internal instant messaging*
- *Email*
- *Voice messaging software*

Virtual supervisors to assure quality instruction

Virtual counselor to support students and schools

School mentors for face-to-face support

Technical Infrastructure

Web-based course management system (D2L)

- Allows access to content/assignments at school or home

Communication hardware and software

- Email, Phone, Pager/Instant Messenger

Additional resources

- ElluminateLive! (web conferencing)
- Wimba (audio/voice tools)
- Virtual Labs
- Supplemental software

Technical support/help desk

Evaluation – Virtual AP/School Based AP

Schools report that AP scores are equal to traditional instruction – 2007/08 scores available in September 2008

On average students seem to perform equally well or better academically in online learning (sampling of AP scores in 2007 indicate scores to be close to the state average and on par with the school average).

The majority of Virtual Virginia students (87%) report that the rigor of Virtual Virginia courses is equal to or greater than their traditional courses.

Access to content and instruction is easier (24/7 course access).

The majority of students report that the quality of online courses is equal to, or better than traditional courses (91% completion rate).

The majority of Virtual Virginia students (78%) and counselors (90%) indicate that they would recommend virtual courses to other students

Online Instruction – Benefits and Challenges

Benefits

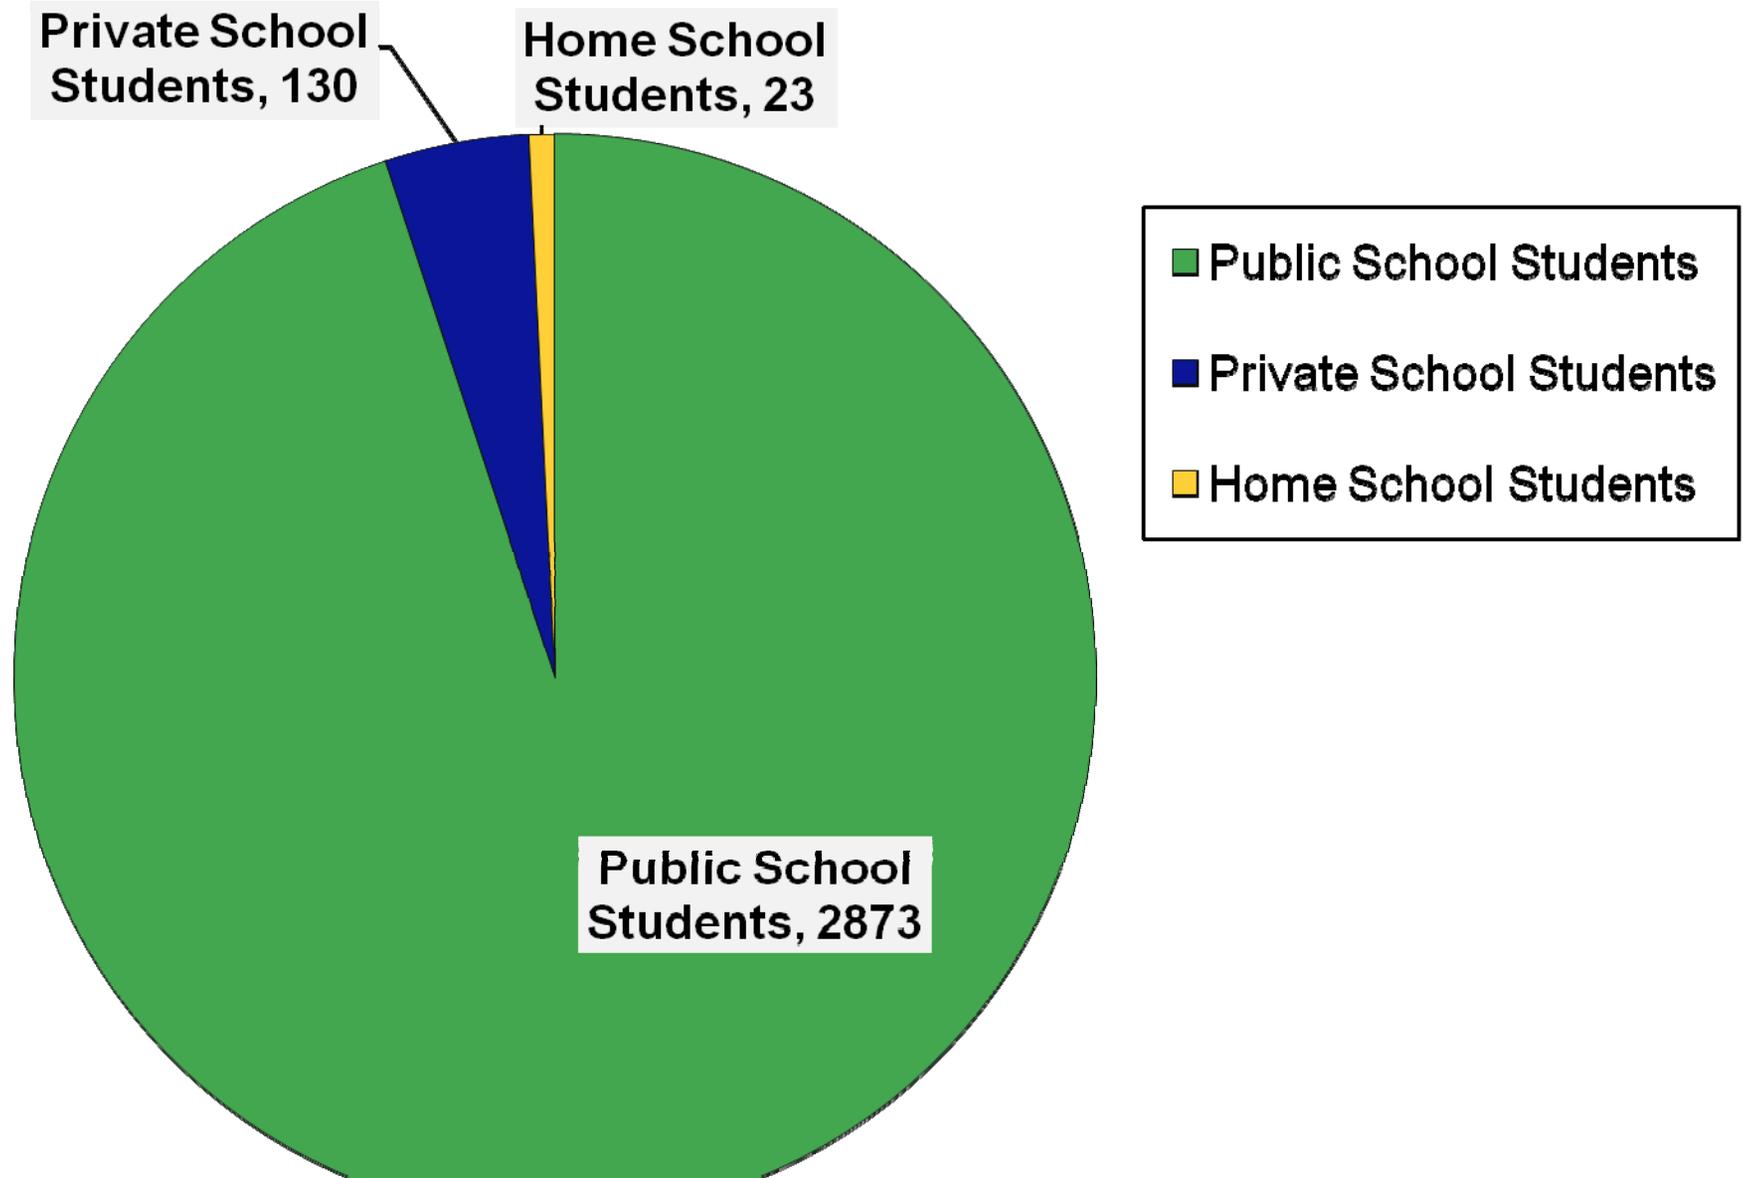

- Provides access to courses that schools can't offer
- Provides a solution for scheduling conflicts
- Provides opportunities for courses outside of the regular school

Challenges

- Schools request a wider range of offerings including credit recovery and career and technical courses
- Enrollment requests exceed capacity
- Increased future demands will be more difficult to meet

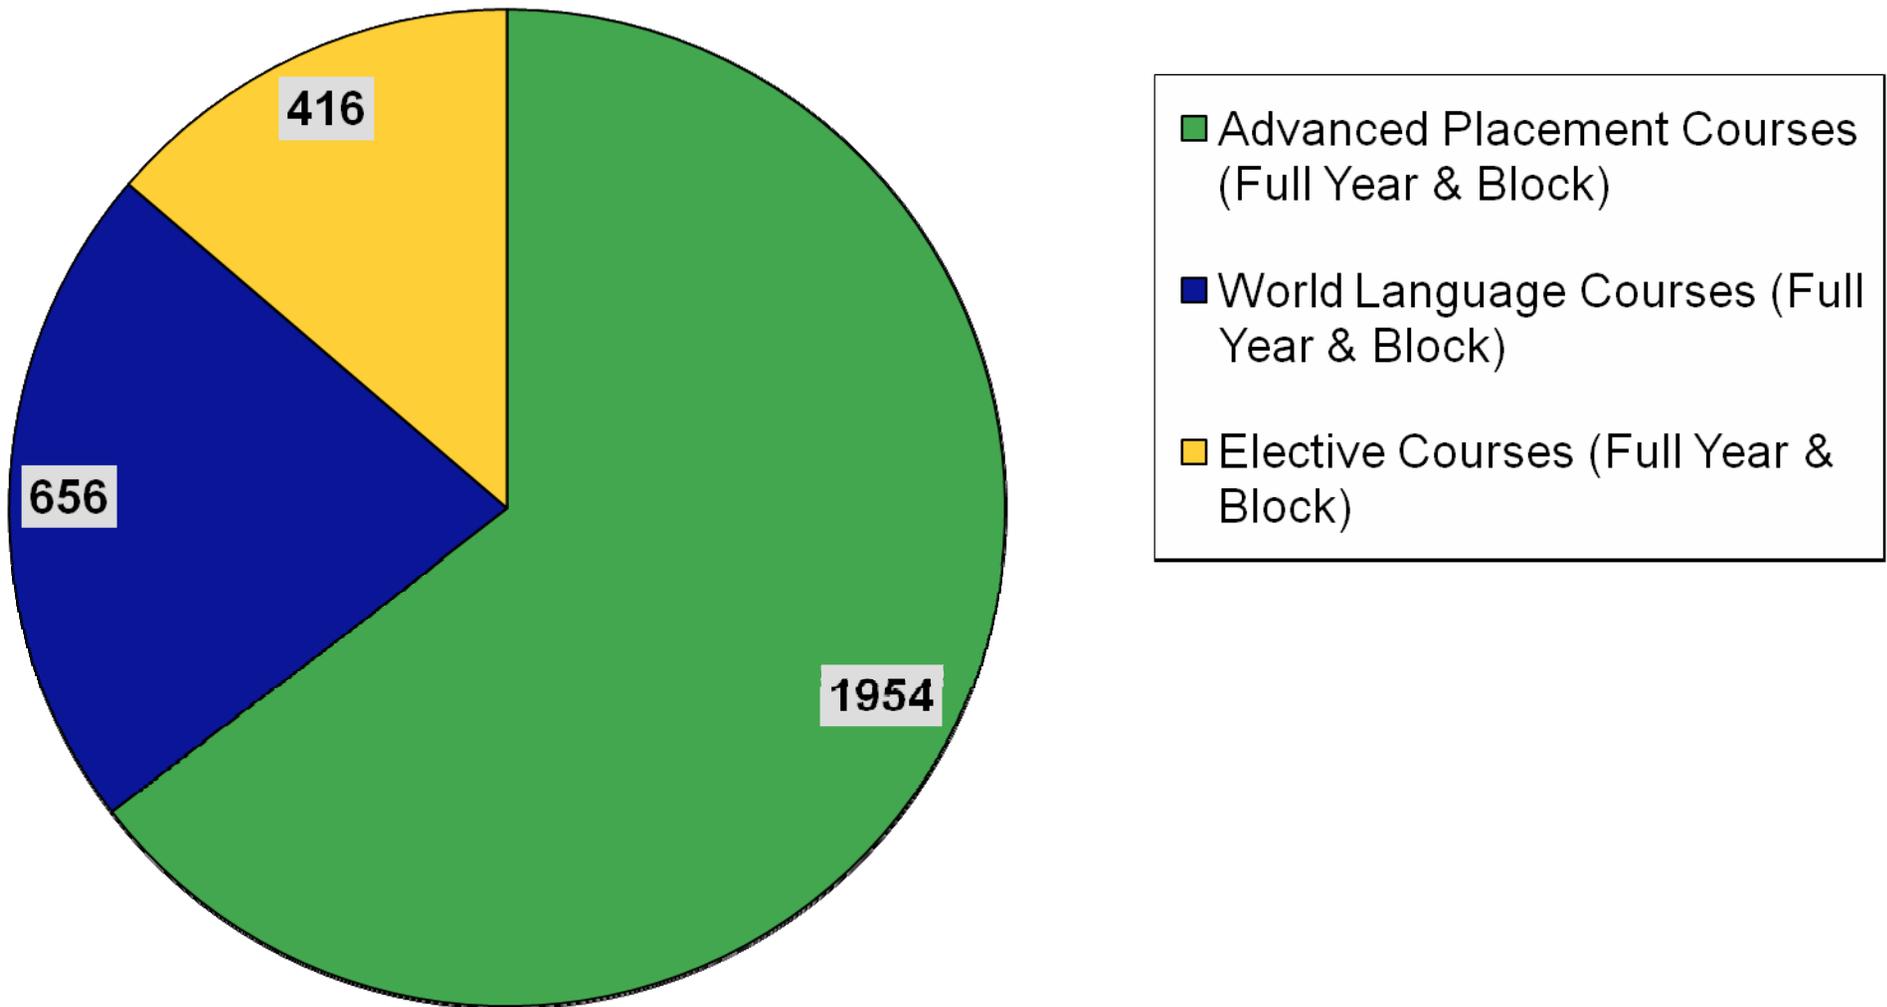

Types of Schools in Virtual Virginia

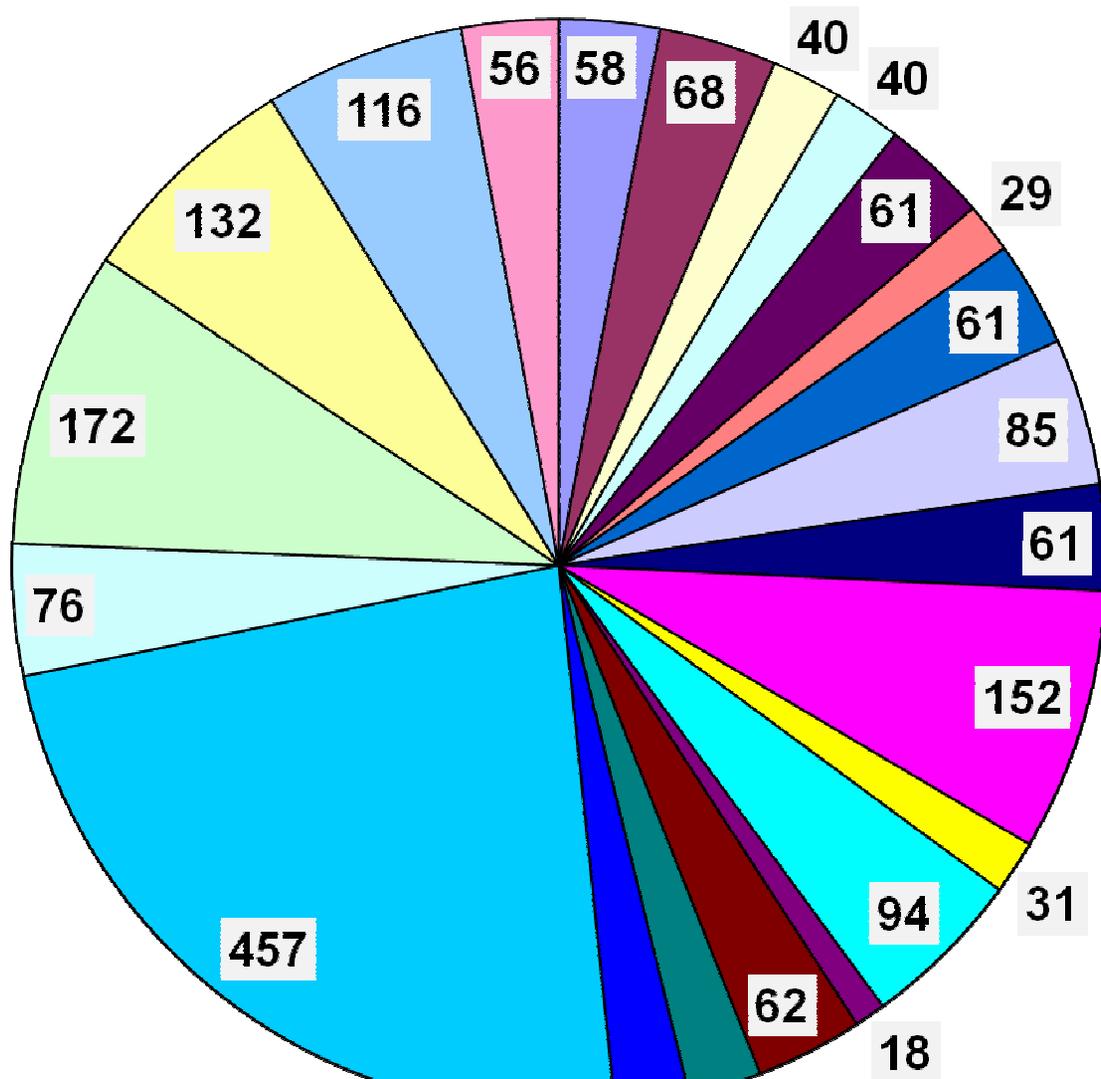

Total Enrollment by Category

Total 2007-08 Enrollment – 3 026

AP Enrollment by Courses

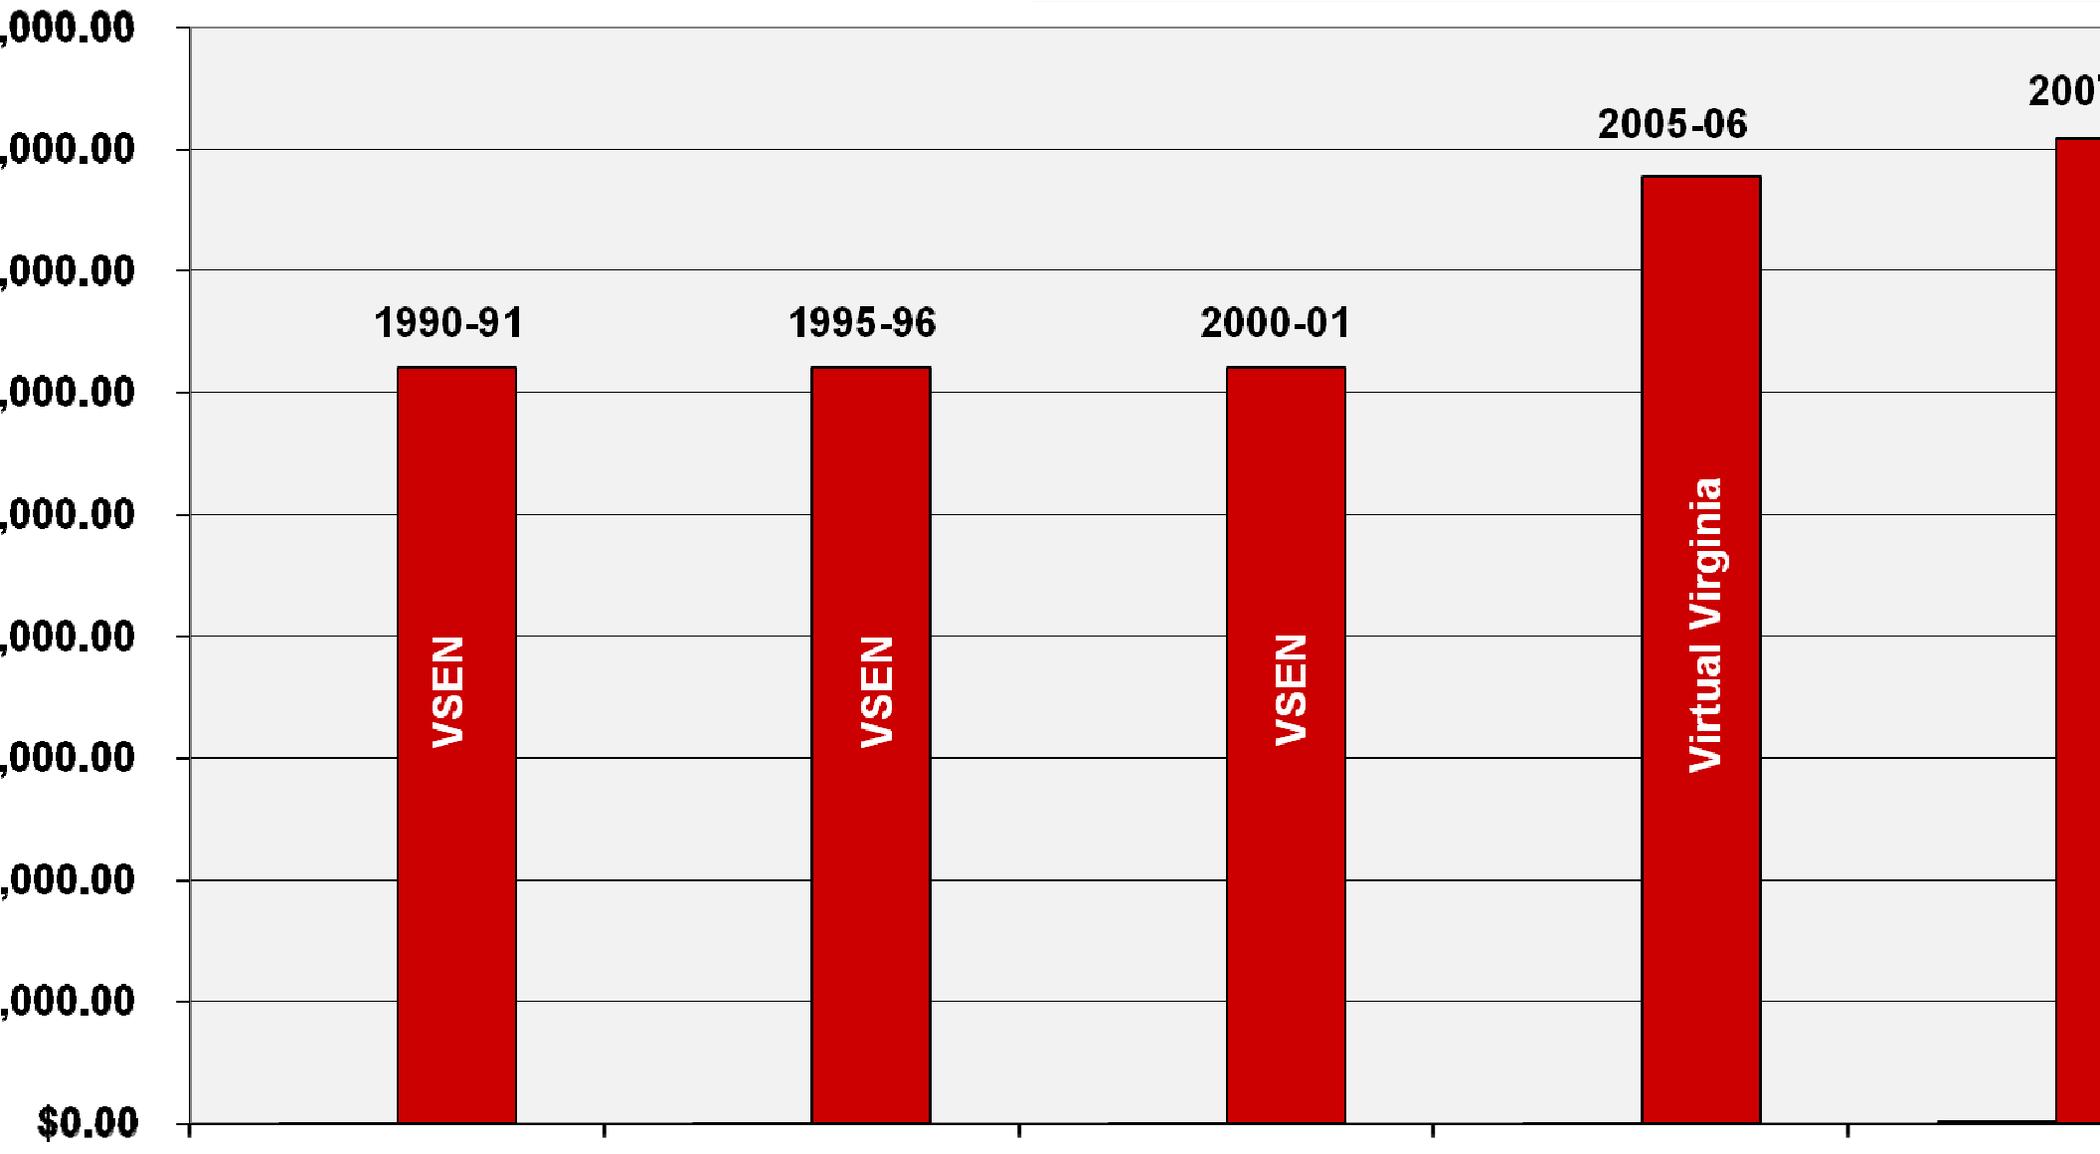

- AP Art History
- AP Biology
- AP Calculus AB
- AP Calculus BC
- AP Chemistry
- AP Comparative Government
- AP English Language and Composition
- AP English Literature and Composition
- AP Environmental Science

- AP French Language
- AP Human Geography
- AP Latin Literature
- AP Macroeconomics
- AP Microeconomics
- AP Physics B
- AP Psychology
- AP Spanish Language
- AP Statistics
- AP U.S. Government
- AP U.S. History

nding History

Note: 2005-06 and 2007-08 Include \$495,000 for EFAL

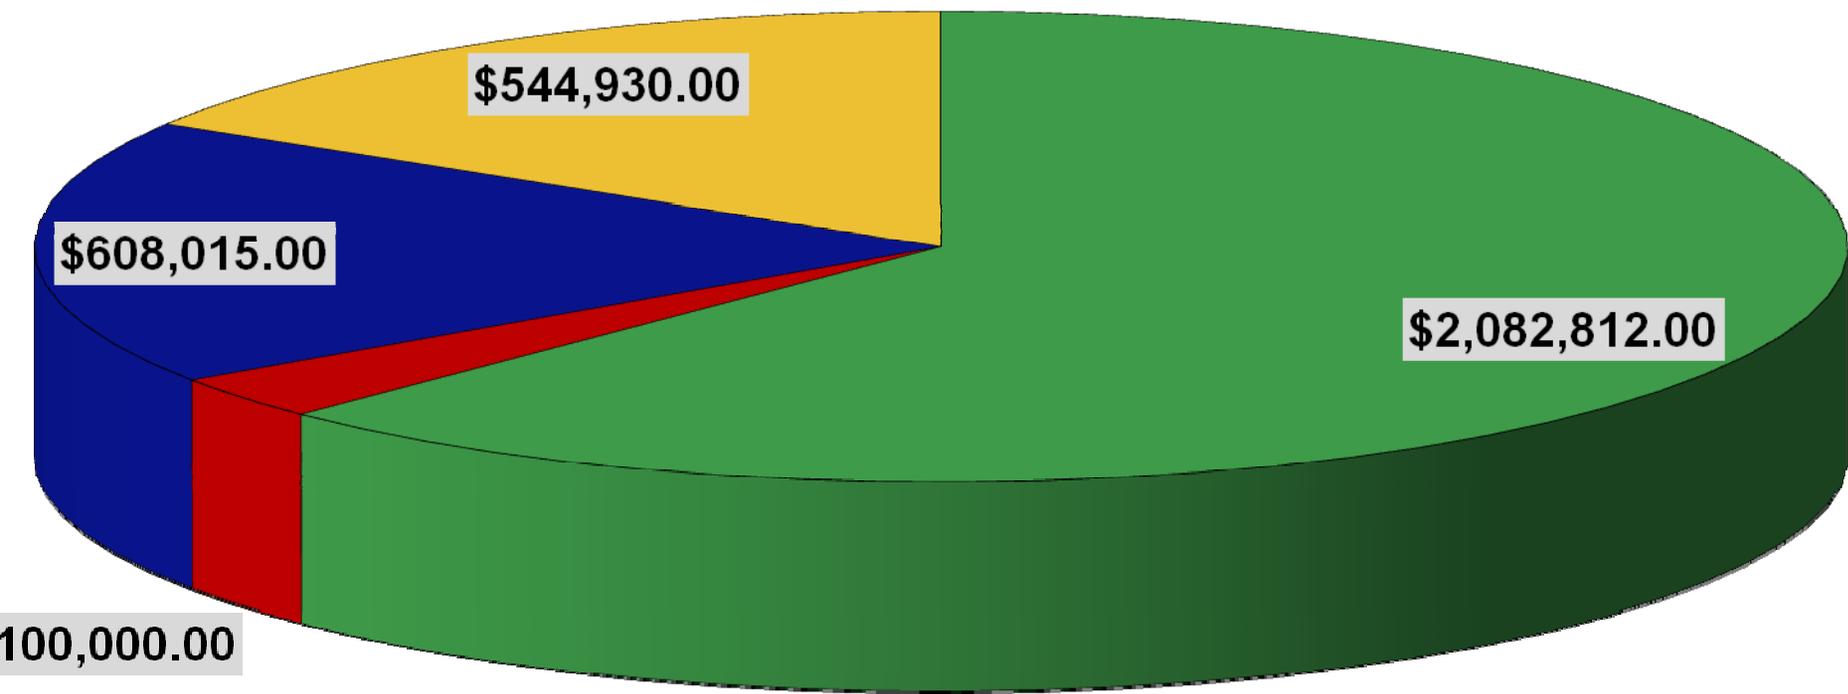

Fiscal Year 2007 - 2008

Cost Per Enrollment \$1,102 *

- Instruction
- Administrat
- Operations
- Curriculum

Total Encumbrances: \$3,335,757

Cross Program Funds \$495,000 / Electronic Classroom \$2,740,757

Virtual Virginia has revolutionized the way I -- and students like me -- can learn. I'm not confined to the subjects offered at my high school, and thus, I am able to expand my horizons past those my school can provide.

Virtual Virginia is a world unto its own -- learning without seeing or touching, and yet still meeting other students around our state, around the world, and succeeding.”

A.J. Collins
Rappahannock County High School
