<b>Blue Ridge</b>	Decreased intake time from 3-3.5 hours to 1.5-2 hours.
<b>Henrico</b>	Engagement improved with a substantial increase in the show rate to the program (2016: 56% show rate; 2017: 77% show rate). Large increase in clients entering into services compared to 2016.
<b>New River Valley</b>	Wait time for initial intake has gone from almost 4-6 weeks to 0 days; No show rate for first appointment from assessment has decreased from over 40% to 18%.

# MEDICAID EXPANSION IN VIRGINIA

- Expansion would make the ARTS benefit available to more people
- Expanding coverage would provide \$200 - \$300 million annually for treatment of mental health and addiction.
- Untreated mental illness costs hospitals, law enforcement and governments.
- Virginia could have a more robust system if we accepted federal dollars to help pay for behavioral health services.
